(Approved by AICTE, C.O.A New Delhi, Affiliated to Shivaji University Kolhapur)
District – Sangli 416416

1. Five year Perspective plan of A.B.College of Architecture, Sangli.

2 Five year Perspective plan of A.B.College of Architecture, Sangli.

1. **Improvement in the quality of education:** ABCA aims to improve the quality of education it provides. This is done by hiring highly qualified faculty members, providing students with the latest technology and equipment, and developing a rigorous curriculum that meets the needs of the industry.
2. **Increase research and development:** ABCA will encourage research and development in the field of architecture. This will be done by establishing research centres, providing funding for research projects, and collaborating with industry partners.
3. **Expansion of the infrastructure:** ABCA has invested in infrastructure development. This includes upgrading existing facilities in library and computer lab, and providing students with access to the latest technology, and the campus of the institute.
4. **Development in partnerships:** ABCA has developed partnerships with other colleges, universities, and industry partners. This provides students with access to a wider range of resources and opportunities.
5. **Increase in international exposure:** The College should aim to increase international exposure for its students. This will be done by developing exchange programs with other universities, offering internships and study abroad opportunities, and participating in international conferences and events.
6. **Foster entrepreneurship and innovation:** ABCA encourages entrepreneurship and innovation among its students. This is be done by providing training and support for student-led start-ups, hosting innovation challenges, and developing partnerships with local businesses and start-ups.
