Metamorphosis

Vishwakarma is the architect of Gods revealed the science of Architecture and Mechanics to humans.

Architecture is combination of arts and science and very aptly quoted by Frank Lloyd Wright “The Mother of all the Arts”.

The visionary founder chairman of Shri Vasantrao Banduji Patil Trust Shree Babanrao Birnale Sir realised the need of Architecture college in the rural belt of western Maharashtra and in the year 1993 Appasaheb Birnale College of Architecture was established in the city of Sangli which was educational hub but Architecture course was not available as the society was also using Architecture without Architects. The trust had a vision the entire purpose of education was not to restrict itself to importing bookish knowledge only but to inculcate humanitarian value like wisdom, compassion, courage, humility, integrity and reliability in a student.

Appasaheb Birnale College of Architecture believes in holistic education for students of architecture encompassing academics co-curricular activities, sports, and life skills learning our endeavor is to strike a balance between modern technology usage and an internationally acceptable education. At Appasaheb Birnale College of Architecture we impart education that is based on conscience and we train the young innovative brains and minds that are bustling with self-confidence and motivate the students to take up the challenges they are going to face in the world in future.

Even though we have the catchment from rural and semi urban areas we have developed the sound ecosystem which is row burst and develops a person with sound mind. Which achieves the excellence in architectural education. In order to develop sound ecosystem and to promote and internationally acceptable education, Managements focuses on the faculty development and retention. Continuous training and supporting the teachers training in order to give them value education and excellence in academics.

Teachers are trained not only to teach but also to boost the confidence of the students the college also inculcates in the students a respect for tradition and ensures discipline and good manners. The ecosystem developed encompasses the students for active participation in various events, organizing competitions, events management for cultural, sports weeks, team work and team building skills for various NASA works and trophies. Working as a team member, leader, develops over the period of time of 5 years from caterpillar to a beautiful butterfly ready to accept the challenges of constantly changing environment and practice decision making and social skills.

ABCA has proved that it has pursued academic excellence and motivated hundreds of students and empowered them to be lifelong learners, critical thinkers and creative designers of ever changing society. More than two and half decades it has worked with a zeal to achieve the

goal and channelized their potential in the pursuit of excellence. While academic excellence is our major thrust the result are the proof out of 25 batches of student. For 8 years ABCA have bagged Gold Medal at B. Arch level at Shivaji University, Kolhapur.

Gold medals achieved is the success story of the institute which has the catchment area from rural and semi urban areas of the surrounding vicinity of Sangli zone in Shivaji University. Apart from academic excellence our teachers also prepare the students for life and groom them to face the challenges of tomorrow and encourage them to be socially strong. Everyone constantly work to live up to their ideology and inculcate this into everything they do, they aim and that they do to ensure that the student grow to their full potential.

As an architect when we write specifications it is the decision that we take for the end user and take the entire responsibility of that design and decision every student can face the challenges of life and resolve them without any conflict in their decision that one makes when the students makes a balanced decision, he becomes compatible and responsible citizen of our country and the globe. A friendly approach of curriculum and syllabus makes the student a critical thinker and his creative talents and abilities boost them to pursue the Goal to be the best Architect.

Exposing students in indigenous technologies in order to enlighten them of socially responsive and technologies and its relevance. Architectural education is multi-faceted field due to the complexity of the social and cultural aspects normally associated with it. Webinars is the boon that we have discovered during Covid student's got to discuss the case studies directly with the Master architects himself which allows the students to understand and apply the latest knowledge. "Change is the only constant" we at ABCA are committed to evolving philosophies with changing social needs and time and impart Architectural education in the best possible manner.

The equality of opportunities for all of them to achieve their objectives and help them to be a fair competitors and accept results without any remorse. The future is bright when you create it. The student here understands who he is and where he wants go. We respect the student's vision, mission and values through the most raw burst ecosystem we have which helps the process of Metamorphosis!

Examination held in May 2009 Merit Order

Sir,

Congratulation I am glad to inform you that the merit list has been declared and you stood **Second** in the merit order. It is the practice of mentioning the merit order on the Statement of Marks. But it is seen that the statement of Marks is already issued to you. If you want the mention of merit order on the Statement of Marks you may return the Original Statement of Marks to the University. If you cannot return the original mark list then send Rs. 50/- for another copy of Statement of Marks on which the merit order will be mentioned.

Further I am to inform you that a merit Certificate is being issued free of cost, but you will have to apply for the same in the prescribed form which can be had from the university office on prepayment of Rs. 10/- (Rs. 05/- for prescribed form & Rs. 05/- for postal charges.)

Thanking you.

Examination held in May-2011 Merit Order.

Sir,

Congratulations I am glad to inform you that the merit list has been declared and you stood **First** in the merit order. It is the practice of mentioning the merit order on the Statement of Marks. But it is seen that the original statement of Marks is already issued to you. If you want to mention the merit order on the Statement of Marks you may return the original Statement of Marks to the University. If you can not return the original Statement of Marks then apply in the prescribed form for Duplicate Statement of Marks along with fees of Rs. 100/- and register postage of Rs. 30/- on which the merit order will be mentioned.

Further I am to inform you that a merit certificate is being issued free of cost within one year. The next copy of merit certificate will be issued on payment of fees of Rs. 100/- and register postage of Rs. 30/-. To get a Merit Certificate you need to apply in the prescribed form. The prescribed form is available in the University office as well as on the University website.

For more details please visit the University website www.unshivaji.ac.in

Thanking you,

A. B. C. A. SANGLI

Examination held in May 2014 Merit Order.

Sir,

Congratulation I am glad to inform you that the merit list has been declared and you stood **First** in the merit order. It is the practice of mentioning the merit order on the Statement of Marks. But it is seen that the statement of Marks is already issued to you. If you want the mention of merit order on the Statement of Marks you may return the Original Statement of Marks to the University. If you cannot return the original mark list then apply in the prescribed form for Duplicate Statement of Marks along with fees of Rs. 100/- and register postage of Rs. 30/- or which the merit order will be mentioned..

Further I am to inform you that a merit Certificate is being issued free of cost, within one year. The next copy of merit certificate will be issued on payment of fees of Rs. 100/- and register postage of Rs. 30/- To get a Merit Certificate you need to apply in the prescribed form. The prescribed form is available in the University office as well as on the University website.

For more details please visit the University website

Sub : B.Architecture Examination held in April-2017 Merit Order.

Sir,

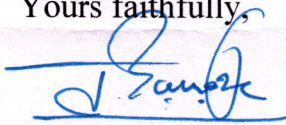

Congratulations! I am glad to inform you that the merit list has been declared and you stood **First** in the merit order. It is the practice of mentioning the merit order on the Statement of Marks. But it is seen that the original statement of Marks is already issued to you. If you want to mention the merit order on the Statement of Marks you may return the original Statement of Marks to the University. If you cannot return the original Statement of Marks then apply in the prescribed form for Duplicate Statement of Marks along with fees of Rs.100/- and register postage of Rs.30/- on which the merit order will be mentioned. To get a Statement of Marks you need to apply in the prescribed form. The prescribed form is available in the Students Facilitation Centre in the Distance Education Building, University office as well as on the University website.

Further I am to inform you that a merit certificate is being issued free of cost within one year. The next copy of merit certificate will be issued on payment of fees of Rs.100/- and register postage of Rs.30/-. To get a Merit Certificate you need to apply in the prescribed form. The prescribed form is available in the Students Facilitation Centre in the Distance Education Building, University office as well as on the University website.

For more details please visit the University website www.unishivaji.ac.in

Thanking you.

About...

For me Architecture and art is philosophy of life as

Architecture and Design is nothing but 'ultimate level of common sense' which we Architects nurture over the timeline of human history.

We get inspired by nature & surroundings and compose our ideas to introduce them into reality... that's architecture is all about...

This resume of mine is complied and updated keeping in mind perspective fields of interest that is Architecture and allied fields like fine & performing arts as well.

Areas of my life covered as

1. Introduction
2. Information
3. Experience
4. Qualities & skills

1. Introduction

I born at district place Sangli in Maharashtra, I have done my primary & secondary & Graduation at Sangli itself with learning from life experiences under guidance of various teachers, my parents,

Since childhood I was in to extra & Co curricular activities to do the things in different way which leads to interest in design field and architecture,

I have completed architecture with first class, and more than first class learning architecture was enthusiastic & joyful journey with lot of activities & happenings which help to develop interest in sharing knowledge to others also my upbringing in guidance of my grandparents & parents who were teacher by profession.

After practicing & teaching in architecture & interior designing at Sangli, career opportunities at Mumbai attracted me, and I shifted to Mumbai and continued endeavors in developing me as teacher along with achieving master's degree in architecture with lot of experimentation in students' assignments, study tours etc. Currently working with Amity University Mumbai as associate professor in Architecture and residing at Kharghar with family members as Mother, wife & daughter.

Looking forward for better opportunity to work with focus on innovative teaching & learning in Architecture and research work in 'Psychology & Architecture'

An Empowering Woman: Her Career Is The Ultimate Goal Many Dream For

Ar. Shraddha Sadamate-Waghmare, owner, Studio Designation Architects And Interior Designers, is one of India's youngest & brightest designers.

She started as self-employed at 23 after completing her B.Arch degree and getting experience from job from Sangli. Later she pursued Masters in Architecture with construction management which helped her plot to repackage and establish the firm in Pune. Presently, she is 31 with a well-established business in hand.

Since childhood, she has been attracted by her father's art; hence working as an artist was her childhood dream. Thus, both her parents dream of making her an architect, which drove her towards architecture and today she's happily living both dreams.

"ART is my passion and ARCHITECTURE is my profession."

Vision To Reality

According to Shraddha Sadamate-Waghmare, she started working as a studio designation in 2014. Then, having a good team of professionals, most certainly helped her in several ways, and she calls them pillars of her business.

"We work on various kinds of projects like residential, commercial, institutional, and healthcare, where we provide customized and comprehensive solutions for all the projects."

From project conceptualization to design & execution, her company can find creative solutions to every challenge.

Making her dream come into reality, she took every opportunity that the

market history wanted, searching for new and creative solutions. Therefore, the company facilitates in providing excellent arrangements to every client by studying their requirements and demands of particular space.

"We provide unique and economical solutions to all clients."

The Art of Execution

For her early understanding of life and the commercial industry, Shraddha Sadamate-Waghmare is now an independent woman with the USP of innovative and unique design. The team has successfully designed and created projects by focusing on the occupants of the project. They have also successfully chased the challenges of fulfilling all the requirements of clients in a very cozy space.

Her sole dream has been to see a new revolution in society and their bond with architecture. In succeeding so, her father's dream of becoming an architect encouraged her a lot.

Being a merit holder and university ranker while having a bachelor of architecture degree sets an extra boost, and it had always reminded her to move ahead with more confidence.

Throughout this entire journey, her inspirations have been her father Mr. Sudarshan Sadamate Mrs. Lata S. Sadamate and in profession Mr. Zaha Hadid, Mr. Jafar Contractor.

Although her achievements are now incredible, it was challenging to manage married life and constantly professional life and responsibilities

Ar. Shraddha Sadamate
Principal Architect, Studio Designation Architects And Interior Designers

while being an entrepreneur. At the same time, she had to pursue a mother's in architecture as per her and her husband's decision.

It was a struggling period for her, and it, unfortunately, led her to depression. But her father's dream and husband's supportive nature made her overcome this situation.

"I successfully got a master's degree with first class and simultaneously ran my business."

Throughout this course, she had her own commercial space for the office. After marriage, she used her home space for the office initially by renovating it. This was the initial investment for her. Every project is

a new opportunity for the company to make creative and good designs, and she takes it very seriously.

She keenly studies the nature and needs of the owner and the building occupants, which always helped her understand the particular space's requirements. This quality makes her stand out among her competitors. Her ideology that if a woman strongly dreams of achieving any goal by honing society's conventional and old ways makes her extra special in all her clients' eyes.

Her witty approach that the profession and personal life are two sides of one coin & nothing is too important than others is wonderful about her!

For her incredible works, she has been awarded - 'supernation award' by amrta foundation, award for special mention by Delhi

architecture festival, shortlisted painting on the international competition by Abu Dhabi, felicitation by the chief minister for architectural designing of 'Tamil Kanyasulkam' felicitation by appasahb bharat college of architecture for delivering a guest lecture on her ongoing projects for students on the occasion of women's day, awarded by art bees foundation for best artist and she got felicitation on occasion of interaction with Mr. Ajan Ram Meghwal (member of parliament by DICCI).
